Despatch Abstract.]

Medical Institutions - Rural - District Board, South Kanara - Medical practitioner, ~~Kumool~~ Kumad - Epidemic duty - Payment of remuneration - Not objected.

12 FEB 1943

Department | Received ..... Registered .....

From (Name) Sri A. Lakshminarayan Rao, B.A., B.L.,
Designation Vice-President, District Board, South Kanara in charge under Section 23(2) of the D.L.B. Act,
Station Mangalore.

To
The Secretary to Government, Education & Public Health Dept., Madras.
Thro' The Director of Public Health, Madras, At Anantapur.

Enclosures : 17 FEB 1943

R.C. No. 18539/A4/1.42 dated 27 - 1 - 1943.

Sir,

Subject - Medical Institution - Rural Dispensary, Kurnad - Medical Practitioner - deputed to Ullal on Epidemic duty - payment of remuneration - sanction sought.

As dysentery was raging in an epidemic form in the village of Ullal, Mangalore Taluk, the Rural Medical Practitioner, Kurnad was deputed to render necessary medical aid as recommended by the District Health Officer, South Kanara. The Rural Medical Practitioner was supplied with necessary drugs, etc. required to treat the patients. The Rural Medical Practitioner attended to other cases also during the period of his deputation from 5-8-1942 to 25-9-1942 as is seen from the list of cases treated by him (copy enclosed). The Rural Medical Practitioner had to halt at Ullal 14 miles away from his station during the

11899 94 W.T.12

29 MAY 1943

above period to render medical relief, I request that Government may be pleased to sanction the payment of daily allowance at Rs.(3/-) three ~~(per month)~~ for each day for a period of 50 days from 6-8-42 to 24-9-42 in connection with the above epidemic agreeably to clause (9) of the agreement to the Rural Medical Practitioner for the services rendered by him beyond his jurisdiction.

...No.118-1-P.Q. Office of the Director of Public Health, Karur, Dated 24-2-43.

Forwarded for very early remarks and return.

W.V.Perumal,
for Director of Public Health.
-By Order-

CR/2/2/43.

To the District Health Officer, South Kanara, Mangalore.

Vice-President, District Board, in charge.

I agree with the remarks contained in the endorsement L.Dis. No.118-2/P.Q., dated 16th April 1943 of the Director

page 2 ante

P.T.O.

of Public Health, Madras.

2 Normally, I would recommend that the following diseases should be allowed to come under epidemic duty within the scope of clause (9) of the forms of agreement prescribed for rural medical practitioners and also with reference to G.O.No.1955, P.H., dated 7th August 1930.

1. Cholera
2. Smallpox
3. Plague
4. Relapsing fever
5. Epidemic Dysentry
6. Epidemic Malaria.

Occasionally there might be diseases occurring in an epidemic form, the nature of which may not be known unless specially investigated. In such cases, it should be open to the Public Health Department or the District Medical Officer to requisition the services of the practitioner, if in their opinion, circumstances warrant it. This is covered by clause (9) of the agreement.

The enclosure is herewith returned.

To the P.D.B. S. Kanara
Copy to the D.P.H.

Note: Though the Vice P.D.O., S. Kanara has not raised the question of travelling allowance, the V.M.O. is eligible for the allowance as according to cl. (9), the distance between Kumrad and Udlal is stated to be fifteen miles. ~~and the D.P.H.~~ has also recommended the payment of the same. ~~A draft order is submitted sanctioning the payment of Rs also, subject to approval.~~ We draft above is for approval.

CS 21/4/43 We 21-4-43

Since when was dysentery treated as an epidemic within the meaning of clause (9)? At that rate "flu", "malaria" & many other diseases will require treatment by an M.O.P. & Udlal which is the nearest Hospital or rural dispensary.

WS 25.4.43.

P.T.O.

With reference to D.S.'s queries on page 2 ante it is submitted that the D.P.H. proposed in 1962 that the services of r.m.ps should be occasionally utilized for public health work also, and his proposal was accepted and incorporated in the forms of agreement re-issued with G.O. No. 2111 P.H., dated 9.7.1962 the original of which has been called for from the Coty records.

2. Ullala is 6 miles by railway from Mangalore town where there is a headquarters hospital and the population of Ullal is 6,865. (B) Cs 27/4/43 In regard to the payment of T.A. to a medical practitioner in Trichinopoly Dt. who was asked to visit a disembowa case in neighbouring villages. A requisition has been sent to the records at Coty for this T.A. also. This may be over till 3-5-43.

1/5/43

Go. refers to Ms

Resubmitted. The original of G.O No 2118 P.H. dated 9.7.64 has been taken on the Home Deptt for a file: which appears to be still pending.

unofficially ascertained – slip kept below

In G.O No 218 P.H. & 20.1.1962, put up at flag (B), ~~The payment of~~ remuneration was sanctioned ~~to be paid~~ to the v.m.p. V. Kalathur for having treated cases of diarrhoea ~~outside~~ the station at the rate of four annas for each case of diarrhoea attended to by him when the number of cases treated exceeded six a day, subject to a maximum of Rs. 3/- per day. In the present case, the v.m.p. at Kurnad was deputed to attend ~~to~~ dysentery cases at Pillai village by the P.D.B. South Kanara, in consultation with the Dt. Health Officer. The D.P.H also recommends the payment of the

pp 17-18 (B)

This is really Cholera.

pages 1-2 ref

p 24

remuneration. According to para 2 of G.O. No.
p.1 of (N) 19155 P.H.D. dt 7-8-30, the Surgeon Medical
Registrar is eligible for remuneration for cholera
and other epidemic
cases attended to by him. The P.D.B. says
p.1 of that dysentery was raging in an epidemic form
at Gullal. Two orders on the draft on pages 1-2 are

Epidemic as is commonly understood in
this country to mean any the triple goddesses of cholera
small-pox and plague. Every infectious disease
cannot be called an epidemic for the purpose of (N).
If dysentery is allowed held to come within the scope of
(N), there is no reason why measles or whooping
cough should not. The fact it is seen that
the no of attacks after 20/8/42 was not such
as to justify a visit every day from a place 4 miles
away. I wonder whether the R.M.P. did not stay in
Rangelore (6 miles away) during this period. There is something
fishy in this. Ask for S.G.'s remarks with reference
to his particular case and also for his view
as to what diseases should be allowed to
come within the scope of (N).

hs
5.5.43

As above - It is respectfully submitted that the R.M.P.
You speak as if you saw him doing it. Kannad was chatting at Gullal during the 5 days
for which he has claimed allowance at Rs. 3/- a day.
The D.P.H. says that the R.M.P. was wrong in which he paid
p.2 and has claimed Rs 45 only for three journeys
to and from Gullal to Kannad performed on 5.8.42
and 25.9.1942. [illegible] the Dist. Board's letter dated

~~the endorsement of the D.P.H. on page 2 C/F and the remarks in the statement on page 3 C/F~~
